

CORROSIONS-RESISTANT STEELS - AUSTENITIC STEELS AND NON MAGNETIC STEELS

Available Product Variants

Semi-Finished Products / Billet

Plates

Process Melting

VID

Applications

- > Components for Chemical plants (incl. LNG, FGD, Urea, LDPE, etc.)
- > Distributors or producers of standard parts without knowledge of final applications
- > Forging Applications
- > Oil & Gas / CPI
- > Tubular Products, Flanges, Fittings
- > Wellhead, X-mas trees and Manifolds (incl. Tubing hangers), BOPs
- > CPI (incl. LNG, Urea)
- > Drilling tools and components
- > General Components for Mechanical Engineering
- > Other Components
- > Well Completion Tools
- > Distributors for Component Applications
- > Flowlines & Connectors
- > Mechanical Engineering
- > Other Oil and Gas + CPI components
- > Well Logging Tools

Technical data

Material designation		Standards	
1.4562	SEL	B564	ASTM
N08031	UNS	B649	

If other available product variants are listed in addition to long products, please note that these may differ in terms of melting process, technical data, delivery and surface condition as well as available product dimensions. For mandatory technical specifications, other requirements and dimensions, please contact our regional voestalpine BÖHLER sales companies. The data contained in this brochure is merely for general information and therefore shall not be binding on the company. We may be bound only through a contract explicitly stipulating such data as binding. Measurement data are laboratory values and can deviate from practical analyses. The manufacture of our products does not involve the use of substances detrimental to health or to the ozone layer.
